The Alumni contributes significantly to the development of Institution in the following ways:

Involvement in curriculum development:

There are Alumni who are involved in Value addition to the Curriculum as they share their inputs and feedback and these inputs are taken into account . Alumni had also shared their inputs and feedback for PEO stands for "Programme Educational Objectives". Programme Outcomes of DR V.N BRIMS for MMS programme with respect to Alumni based on their experience.

1. Charcha Sessions with Alumni: The institute regularly organizes the event "Charcha with Alumni" for 1st and 2nd Year students from current academic year. We invite the alumni for interaction with students about the recent happenings in the industry, skill sets required and industry expectations from the fresher's. They do share their successes/failures/, mistakes with the students. This is the great platform of learning's for current students. The Institute takes the efforts to connect with our alumni who are become the ambassadors of the institute in future. The alumni thus help to contribute in brand building of the institute at industry and society level.

2. Placement opportunities: Every year minimum 10-12 students gets final placements due to the opportunities from Alumni. Our Alumni help in preparing the students how to crack the interview. Training opportunities in the Industry: Alumni also help the institute for training.

3. Participation In College Development Committee: Dr.V.N.Brimis actively involves Alumni in various committee and look forward for the active participation in and contribution to the various functions of the CDC

4. Participation in Conferences:-Our Alumni had also participated in International Conference organised by the Institute to judge the competitions . Mr. Anand Nikam , Ms. Sampada Sawant and Ms Vini Somiya have worked as judges for competition.

5. Donations for the Library: Alumni help in building the knowledge assets by donating books (57 Books) to the library.

6. Summer Internship Opportunities: Summer Internship Opportunities are shared and given by our Alumni. In addition to our usual recruiters, the alumni also contribute by sharing Internship opportunities.

7. Evaluators for Project Viva Voce :Alumni also help as Evaluators and help in taking the viva

voce of summer internship projects of the students.

8 Webinar Participation: The Alumni & placement team of Dr.V.N.BRIMS organises session where Alumni share their journey and they share their experience, success stories with aspiring

Alumni Ms.Ruchi Prabhu who is an Author of many books currently working in Crisil Limited and pursuing her Ph.D in Finance. There was an article in News paper about the

Ruchi Prabhu an author of management book, fiction and short read is going to launch her another marvelous creation – "Financial Regulations"
 "Financial Regulations" is a book where the author has told about the speeding journey in the world of Finance. She further elaborates it by saying that the period has witnessed major developments in the nature and intensity of financial regulations and markets, as well as repeated cycles of regulatory reform and development, often linked to crisis conditions. The recent financial crisis (recession) has led to unparalleled interest in financial regulation from policymakers, economists, legal practitioners, and the academic community, and has prompted large-scale regulatory reforms. Financial Regulation is the first comprehensive, authoritative, and state-of-the-art account of the nature of financial regulation.

- Below are some major points to learn from this book:
- Credits are always good if you use them well
 - Organize a monthly date night to plan your finances
 - Use a buy and hold stock portfolio
 - Fear and greed result in costly financial decisions

In the past she has published short read, Fiction book and management book *My Pawfect Friend, The Gift, SPSS is just a cakewalk for researchers*

"My Pawfect Friend" is a heart-warming story perfect for fans of Dogs. This book which is best for dog lovers. It is a story of a boy Rohit and a Dog. After his brother's death Rohit had never planned to get encounter with dogs as he always thought it was the dog that led to his brother's death but, when the so-called destiny had been so kind to all When Rohit thought his life was at the best, the world was hit by a deadly virus. India had announced nationwide lockdown and his treat was restricted, so he was stuck in Mumbai. He used to hate staying in Mumbai just because a street dog used to sleep every day on his floor mat and this used to irritate him, after several attempts of making dog hate him it didn't work. On one hand he was also already frustrated by the pandemic and just eat, sleep and repeat schedule and on the other hand these news channel used to make him wrothy by publishing various breaking news of fire, cyclone, earthquakes. Rohit now had started feeling such passing day of 2020 as if he is a part of magical video game of jumble, where he is just trapped in the house and only death can make return to real world. Finally, the Mumbai faces a severe Earthquake of 8.0 magnitude. The story will take you to ride from hate to friendship to love with various twist and turns.

By reading the whole story you will be answered to the following questions

- Whether the dog is alive or dead by Earthquake?
- Was Rohit rescued successfully from Earthquake?
- Does Rohit accepts the dog and loves

Ruchi Prabhu launches her new book "FINANCIAL REGULATIONS"

him or still he will hate him?
 "The Gift" is just about my share of experiencing romance, hatred, longing and drops the most. An individual observes a bunch to pick up nuance of personalities and relationship dynamics of those around him/her. Unlike other books that depicts love as an affair, this book expresses love not just as an affair but love as a feeling that is over and above being defined, be it a parent-child relation or the relation between two friends. The Gift is a complete package that speaks not just about love but also about time and the nuance of self-improvement. This book contains my way of expressing through haiku or Epigrams which evoke my personal feelings dealing with a good ending and sometimes with the ray of no hope in a scolding weather.
 "SPSS is just a cakewalk for researchers" is for someone thought of writing a research paper, doing a PhD or achieving a position in corporate world like Research Analyst, Researcher, Research Manager. If "Yes", then this book is only for you. Dreaming about such is a tendency so common among us. But remember only a few, a rare few, manage

to complete their dreams despite of the problem in doing research.
 Learning Statistical Computing using the Statistical Package for Social Sciences (SPSS) was never easier. The idea of writing this book for students of statistics, research methodology, business research, social science research, teaching professionals & research scholars with over more than 50 screen images, will help readers to let step by step through uses of SPSS in analyzing data from raw facts to accurate hypothesis/answer. If you are dreaming to go in research field then you should have one copy of this book in your bookshelf. This book is a great stimulus to move from where you are so where you want to be in research field
 "Do not meet, if you can't make it worthwhile" -Ruchi Prabhu
 Let's know some facts about her
 Ruchi Prabhu, Born & Brought up in Mumbai, has completed MBA (Finance), B.Com (Banking & Insurance), has accomplished masters from D.V.N. Reddy Institute of Management Studies, Thane and Graduation from NIS Ratanam

College, Bhandup. She had completed her schooling from Holy Cross Convent High School, Thane. She is currently working with an MNC based out in Powai, Mumbai.
 She has also done SPSS course from Tata Institute of Social Sciences. She is also a winner of "Young Achiever Award" for the quality of research work done in finance domain. She is an IBM Certified Specialist in running SPSS software and guides PhD Students for the work in research and helps them with the Data Interpretation/SPSS Analysis of their PhD Thesis.
 She has published 3 books – SPSS is just a cakewalk for researchers (2018), The Gift (2019), My Pawfect Friend (2020). She is also a winner of a National Award "Best Debut Indian Author", Author of the Year -2017 and "Voice of Indian Literature" for her Debut Book "SPSS is just a Cakewalk for Researchers". She has also been featured as an "Inspiring author for 2020". She is being nominated for "The Lit Digital award 2021" and the nominated book is "The Gift".
 She loves reading books in her free time and her most loved genre is Thriller/Suspense but her all-time favourite book is "The Monk who sold his Ferris" by Robin Sharma.

If you like to contact her she would like to hear from you. She is available at WhatsApp: 9009246944@gmail.com
 Social Media: @ruchiprbhu
 Her advice to new writers is to just write from heart and if you want to publish start with a small publishing house or self-publishing platform and then create your brand name. If possible then try create a brand name by talking, writing quotes, email stories, or something which random people can connect once you gain many followers, people realize those then come up with a book and it will surely get sold as you had already created a brand name.

Dear Students,

Good Afternoon!

Taking the next step of allocation of mentors after receiving the data from students regarding their preferences and based on their responses we have allocated upto 14 students to every faculty member.

We would also like to share with you the student allocation process:

Criteria 1: Based on the 1st , 2nd and 3rd preference given by the Students

Criteria 2. For equal distribution of the mentee, the next criteria for allocation was specialization

If any change is required, a decision will be taken in consultation with the mentor and mentee both.

Kindly review the list and any case of any concern do share with Dr. Meenakshi Malhotra, Dr. Kanchan Akshay and Prof. Siddhesh Soman.

Requesting all the students to contact their mentors. Below are the email ids of the faculty members

To: s Jape <sjape@vpmthane.org>

Respected Madam

Please find enclosed the proposed schedule of ONLINE MOCK INTERVIEWS for the batch of 2020-2022.

The link for the ONLINE MOCK INTERVIEWS would be shared separately.

This schedule has been suggested owing to the following factors:

1. As per time table, there are no lectures for FINANCE students on second half of WEDNESDAYS.
2. On second half of THURSDAYS, there can be faculty meetings etc.

Upon completion of MOCK INTERVIEW process, request you to kindly email the EVALUATION SHEETS.

Regards
