

## Industry Connect

A The Industry and Institution Collaboration acts as a bridge between Industry and Academia, leading to Connect, which promotes industry interactions among the students by arranging internships and guest sessions. It also promotes formal MOU with industries. This Industry and Institute interaction creates opportunities for MDP and consulting assignments.

The faculty members are involved in various consultancy assignments with industries like goal setting, problem-solving, productive efficiency, Strategic vision, analysing gaps, sales improvements, business excellence and time management. The consultancy services were provided to many domestic like Pitambari, Nidhi broking, Godrej etc. and international organizations. like HP and Airbus in various sectors like Manufacturing, Consumer Goods, Electronics, FMCG and Pharmaceuticals. All these assignments are successfully completed.

Types of Management Consulting Services		
Strategy Consulting	Operations Consulting	HR Consulting
Corporate Strategy	Organisational Operations	Human Capital Strategy
Organisational Strategy	Sales and Marketing	Organisational Change
Functional Strategy	Supply Chain	HR Function
Digital Strategy	Sourcing and Procurement	Learning and Development
Strategy and Operations	Research and Development	Talent Management

Overall, management consulting is the sum of three service areas:

1. Strategy consulting, the segment that focuses on strategic and board room advisory;
2. Operations consulting, which focuses on improving the management of organisations; and
3. HR consulting, a segment that centres around human capital advisory and/or consulting services aimed at improving the results of the HR function.

### **About International Connect**

A global perspective in Indian education is undoubtedly a turning point in this era of rapid growth and economic opportunity. The international collaboration in Indian educational institutions is paramount and has significantly changed the higher education ecosystem. To be a world-class institution, approach toward student-centered learning and development models, having a holistic, integrated, and collaborative perspective is essential in the era of globalization.

Collaboration with universities and business schools offers many advantages that leads to improved quality of education. The result is best seen in research and development, fostering faculty and student exchanges, dual degree and certification programs, training and development, involvement in global business strategies, diverse social and cultural identities, and the creation of global citizen leaders.

### **About DR VN BRIMS vision for International connect and Globalization**

DR VN BRIMS is constantly active towards internationalization in education domain. Through internalization, DR VN BRIMS intends to achieve the academic freedom, free exchange of ideas globally, excellence and scholarly rigor and dignified treatment of all stakeholder by increasing its footprints in the global education map. To enable the same, DR VN BRIMS has signed MOUs with overseas education institutes and universities, executed various global immersion programs and participated in international workshops organized by international funding agencies.

These are some of the broad range of activities and approaches BRIMS has initiated and practiced to achieve its vision of internationalization. DR VN BRIMS considers its internationalization process as a dynamic and continuous process, which its aims to review and evaluate constantly to adapt and keep up emerging trends and opportunities.

Going forward, with competitive curriculum, a rich faculty base and a diverse learning experience through courses, simulations, projects, international internships and placements planned faculty and student exchange programs, joint seminars with international partners and collaborative research projects, DR VN BRIMS intends to be one of the best known global education faces in India.
