14.	Institution makes effort to engage students in the mentoring, review and continuous quality improvement of teaching learning process	43.5% rated strongly agree and 46.4% agree
15.	Teachers use student centric methods	50.7 % said 'To a Great Extent' 39.2% Moderately
16.	Teachers encourage you to participate in extracurricular activities	53.6% rated 'Strongly Agree' and 37.8% 'Agree'
17.	Efforts are made by the institute/teachers to inculcate soft skills, life skills and employability skills	47.8% rated 'To great Extent' and 42.6% Moderate
18.	percentage of teachers use ICT tools	68.4% rated 'above 90%'
19.	The overall quality of teaching learning process in your institute is very good	45.5% Strongly Agree and 47.8% 'Agree'

## **21. Give three observation / suggestions to improve the overall teaching - learning experience in your institution.**

- Good teaching method, always encourage students, supportive.
- 1) The overall quality of teaching-learning process in your institute is very good. 2) Institution provides multiple opportunities to learn and grow. 3) Teacher's approach to teaching is good
- More learning activities should assign to increase their interest and to build interpersonal skill among them.
- More Individual attention.
- Give assignment
- To be interactive with students do that it's not one way but a two way conversation.
- 1. More seminars in respective specializations 2. More case studies for explanation 3. More practical teaching
- 1. The books referred by teacher for teaching in class should be available in library, so that students can find relevant example for practice. 2. Senior faculty should check the performance and presentation skills of newly hired teachers, by sitting in class. 3. Student are sometimes not able to inform senior faculty, about new teachers' presentation skills and that they are not understanding their lectures.

- 1. Outdoor learning activities 2. More Brainstorming / GD sessions 3. Visits and guest sessions
- 1- There should be more practical learning like Industrial visits. 2- The continuous follow ups about the students development should be taken. 3- There should be increase more interesting activities carried out
- 1 Focus on students engagement with teachers 2 Provide more opportunities to learn and grow 3 Identify weakness of students and help them to overcome
- More one to one interaction with students by all the professors could be done.
- 1 )overall quality of teaching-learning process in your institute is very good. 2) Efforts are made by the institute make you ready. 3 )mentor does a necessary follow-up
- 1. more interaction with students 2. used of videos 3. live projects and activities
- Help students to summer internship project. Plan online courses Help students for internship in this lockdown period

- 1) They should teach compulsory latest technological tools which is running in industry so that it will help him/her to stand out from crowd. 2) Discussed Job roles in particular specialization so that student can easily understand and which is helpful to choose job role when they go in industry. 3) suggestion - Arrange some activities where students can understand how to survive in market before entering in the industry. Like example....provide difft difft product to the student and told them some place where the students should go and sell the product and after that share there experiences in a class, Ngoship compulsory to generate funding so student can understand the market and how difficult it is too pitch any customer . Otherwise, Teaching Is best in VN brims. Faculties are Helpful and connected each of student.
- More detailed notes could be provided
- The less intelligent or shy students should be the first preference of teachers
- College should make communication as a compulsory subject because many of the students lack in English

- College should increase practical involvement of the students so that everyone understands the topic more clearly
- Soft skill sessions for students those who are weak in presentation skills and communication skills
- Focusing on weakness of student and help them with effectiveness. Make student work ready.
- Learning activities should be assigned to students to increase their interest and to build interpersonal skills among students.
- The institute is doing very well in helping students; they should keep this up.
- Provide certificates of seminars, participation etc
- 1) To conduct industrial visits 2) To structure efficient TLP 3) To focus more on practical situations.
- 1. Assign task to us which is really going to help us in our professional. 2. Share with us whatever changes or latest trend is going on in our particular specialization. 3. Give us chance to visit particular corporate to see how we are going to work in future.

- As we know that lockdown is going on we are not able to doing internship from company. We are doing from the home. So my suggestions to give us one opportunity to do winter internship by company. So that we fresher can get experience of company's interview company's work experience That, we can able to crack our final interview in best companies.
- They are never tired to explain same concept all over again when asked as doubt. They make sure each student is clear with the concept before going forward. Its great being part of Bedekar institute and the credit goes to Teaching as well as Non teaching staff.
  1. Want More case studies
  2. Practical oriented knowledge
